

Split Ring Braid

Make two strips of split rings as follows:

In the pictures the two strips are worked in contrasting colours to make it easy to differentiate between them.

Strip 1 - blue

Wind 2 shuttles CTM

1st SR 8 / vsp, 8, cl

*SR 8 / 8 cl

Repeat from * for the length required.

Cut, leaving ends about 4 inches (10 cm) long

Strip 2 - red this can be made separately or joined to the first strip as in the picture below.

Wind 2 shuttles CTM

Attach the thread to the vsp on the 1st SR of the 1st strip or work it separately.

Work the same number of split rings as in the first strip

SR. 8 / 8, cl

Cut, leaving ends about 4 inches (10 cm) long

Either fold the second strip on top of the first strip

Or place the second strip on top of the first strip

Gently pull the rings that are underneath (blue) up through the 1st of the rings that are on the top (red).

Now the rings that were underneath will be on the top.

Gently pull the rings that are now underneath (red) through the next ring that are on the top (blue).

Gently pull the rings that are underneath (blue) up through the 1st of the rings that are on the top (red).

Continue pulling the rings that are underneath to the top through the next ring.
