CH. 1 and the first half of a stitch, B, second half of a stitch, and 1,

Cut and tie to the base of ring 'A' but do secure the ends yet.

Fold ring 'E' behind the circle of rings and chains and push it through to the front so that the group of 3 beads sits on top of the base of ring 'A'.

Wrap the cut ends round the group of 3 beads on ring 'E' to hold them in place then tie them at the back of ring 'A'.

Cut and secure the ends. Open one of the jump rings and thread it through the size 8 bead on ring 'A' and also through one of the earring hooks. Close the jump ring.
