

Bridging Chains aka Split Chains

<p>1</p> <p>Work the chain as far as the 'climbing out' point</p>  <p style="text-align: right; font-size: small;">© 2011 J W</p>	<p>2</p> <p>Work a shuttle join to the start of the row leaving a gap in the shuttle thread so that the completed chain will match the other chains in the row</p>  <p style="text-align: right; font-size: small;">© 2011 J W</p>	
<p>3</p> <p>Using a crochet hook, pull a loop <u>from the shuttle thread</u> under the bare thread <u>from the back</u> through to the front</p>  <p style="text-align: right; font-size: small;">© 2011 J W</p>	<p>4</p> <p>Pass the shuttle through the loop - <u>from the back to the front</u></p>  <p style="text-align: right; font-size: small;">© 2011 J W</p>	<p>5</p> <p>Pull the shuttle to close the loop</p>  <p style="text-align: right; font-size: small;">© 2011 J W</p>
<p>6</p> <p>Use the crochet hook again but this time pull a loop in <u>the shuttle thread</u> under the bare thread <u>from the front</u> to the back</p>  <p style="text-align: right; font-size: small;">© 2011 J W</p>	<p>7</p> <p>Pass the shuttle through the loop <u>from the front to the back</u></p>  <p style="text-align: right; font-size: small;">© 2011 J W</p>	<p>8</p> <p>Tension the stitch</p>  <p style="text-align: right; font-size: small;">© 2011 J W</p>
<p>9</p> <p>Continue until the correct number of double stitches have been worked.</p>  <p style="text-align: center; font-size: small;">© 2011 J W</p>		

Split, or Bridging, Chains

<p>1) Work the chain as far as the 'climbing out' point</p> 	<p>2) Work a shuttle join to the start of the row, leaving a gap in the shuttle thread so that the completed chain will match the other chains in the row</p> 	
<p>3) Using a crochet hook, pull a loop <u>from the shuttle thread</u> under the bare thread <u>from the back</u> through to the front</p> 	<p>4) Pass the shuttle through the loop - <u>from the back to the front</u></p> 	<p>5) Pull the shuttle to close the loop. At this stage you can see in the picture that the stitch doesn't look correct</p> 
<p>6) Use the crochet hook again, but this time pull a loop in <u>the shuttle thread</u> under the bare thread <u>from the front</u> to the back</p> 	<p>7) Pass the shuttle through the loop <u>from the front to the back</u></p> 	<p>8) Tension the stitch and the stitch will now look like a double stitch</p> 
<p>9) Continue until the correct number of double stitches have been worked.</p>
